Replacement Parts: 510080 bolt,

510061 washer, 510010 nut

This new tool from Mo-Clamp allows a technician to pull and straighten damaged radiator core support ears. Also works on full frame cab mounts. This tool will "sandwich" the mount and keep it flat while straightening and realigning the support ears or cab mounts to pre-accident specifications. Made from Mo-Clamp "Tru-Tuff" steel alloy in the USA and covered by the Mo-Clamp "forever" warranty.

100% Made in U.S.A.
