pull plates

Concerned about cross-contamination when working with new aluminum vehicles? Mo-Clamp addresses your concerns with "red-wedge" clamps. Use the new clamps on aluminum panels/parts and use the original green-wedge clamps on steel components. Your worries about cross-contamination are eliminated. The "red-wedge" clamps are available on all self-tightening clamps. Simply order using the original part number with a "R" after the number (i.e. 0300R).

Mo-Clamp continues to address the needs of all collision repair technicians with innovative and useful tools. All covered by the Mo-Clamp forever warranty. Mo-Clamp. The original. The best.

100% Made in U.S.A.
